INSIDE EVERY LESSON PLAN

- The specific learning outcomes, key inquiry question, core competencies, values and PCIs, and the resources needed.
- A timed lesson flow: what the teacher does and what the learners do, from introduction to summary.
- The key content (a worked example, notes or a practical with its expected results), then four practice questions with the answers for the teacher.
- The common mistake to watch for, and ideas for learners who need support and for those ready for more.
- A four-level CBC assessment rubric (EE, ME, AE, BE), homework, and a blank reflection space to fill in after teaching.

A TASTE OF LESSON 1

What is a market?

By the end of the lesson, the learner should be able to: a) say what a market is; b) say why people go to the market

A market

A market is a place where people buy and sell things. Many markets have a market day once or twice a week; some are open every day.

At a market we find food, clothes, animals, pots and other things. People go there to buy what they need and to sell what they have grown or made.

You also receive this pack as an editable Word file, so you can change any lesson to suit your class before you print it. Lessons follow the order of the KICD curriculum design.
