

Grade 4 Agriculture and Nutrition

Term 2 - 44 complete lesson plans

Ready to teach, in the KICD lesson-plan format | 35-minute lessons | PDF and editable Word

ABOUT THIS PACK

44 complete, ready-to-teach Grade 4 Agriculture and Nutrition lesson plans for Term 2, covering growing fruits, uses of domestic animals, balanced meal and cooking food.

TOPICS IN THIS PACK

Topic	Name	Lessons
2.2	Growing Fruits	16
2.3	Uses of Domestic Animals	8
2.4	Balanced Meal	9
2.5	Cooking Food	11

INSIDE EVERY LESSON PLAN

- The specific learning outcomes, key inquiry question, core competencies, values and PCIs, and the resources needed.
- A timed lesson flow: what the teacher does and what the learners do, from introduction to summary.
- The key content (a worked example, notes or a practical with its expected results), then four practice questions with the answers for the teacher.
- The common mistake to watch for, and ideas for learners who need support and for those ready for more.
- A four-level CBC assessment rubric (EE, ME, AE, BE), homework, and a blank reflection space to fill in after teaching.

A TASTE OF LESSON 1

Fruits that grow in our locality

By the end of the lesson, the learner should be able to identify different types of fruits that can grow in the locality

Fruits in our locality

Kenya grows many types of fruit, including woody fruit trees such as tree tomato, guava, mango, and avocado, and climbing fruit crops such as passion fruit, kiwi, grapes, and blackberries.

Not every fruit grows well everywhere - climate, altitude and rainfall all affect which fruits do best in a particular locality.

You also receive this pack as an editable Word file, so you can change any lesson to suit your class before you print it. Lessons follow the order of the KICD curriculum design.
